Who this book is for

You are around **5.0–5.5** and want a realistic jump toward **6.0–6.5**.
Not Band 8 secrets — **fast, visible fixes**.

The 6 fast fixes

1) Answer the question in sentence 2

Intro = paraphrase + clear position/preview.
No long background stories.

2) Use 4 paragraphs always (Task 2)

Intro · Body1 · Body2 · Conclusion
One idea per body.

3) Add one example per body

See Book 18. Even a simple realistic scenario raises development.

4) Stop translating word-by-word

Write shorter clear sentences. Accuracy > fancy (Book 19).

5) Protect Task 2 time

20 + 40 (Book 21). Task 2 matters more.

6) Edit 5 minutes every essay

Articles, plurals, verbs. Same mistakes every time = free marks lost.

5.5 style

Education is important and has advantages and disadvantages for everyone in the world today.

6.5 direction

Some people argue university should be free for all students. I partly agree: strong support is needed for low-income learners, but unlimited free tuition may reduce quality if funding is weak.
