Pain this book solves

Your essay looks like: *Firstly... Moreover... Furthermore... Additionally... In addition...*
That mechanical chain hurts cohesion more than it helps.

Rules

1. Link **ideas**, not every sentence.
 2. Prefer reference words (*this, these, such*) and clear paragraph logic.
 3. One strong topic sentence beats five empty linkers.
-

Useful links (small set)

Before → after

Spam

Firstly, online learning is flexible. Moreover, it is cheap. Furthermore, it saves time. Additionally, students like it.

Natural

Online learning is flexible because students can study around work. It can also reduce travel costs. As a result, people in remote areas gain access that classrooms alone may not provide.

Drill

Rewrite one old body paragraph: delete half the linkers; keep meaning clear.
